In this example, 28 days back from the 25th June 2022 would be the 28th May 2022. As no transactions take place on this date, you would need to refer to the first transaction on the statement before the 28th May 2022. Therefore your 28 days period will start on the 27th May 2022.

In this example the applicant is required to show £9207.00 for maintenance. Although the required amount was in the account by the end of the 28 day period, the visa application would be refused as the balance of the account dropped below the minimum amount required.

Additional Notes

1. The bank statements or evidence you show for funds must also show any outstanding tuition fees not paid to the University. Any amounts already paid will be indicated on your CAS
2. Any additional payments made to the University after your visa application has been submitted may not be taken into account - it is **vital** that you contact us as soon as any additional fees have been paid
3. If you are using an electronic bank statement (i.e. a print out from your branch or onlien transaction history, the bank statement must be stamped on **every page** by your bank branch
